

Name	Tabernacle of David
Mission Statement	Philadelphia Tabernacle of David is a relational network of believers with a common vision and belief that through our worship & prayers total transformation can come to Philadelphia and the surrounding region. It is a community of people from many different churches with a passion to see Philadelphia transformed by the dynamic presence of God. PTOD is intentional about making a resting place for the Lord through continuous worship and prayer. Endeavoring to follow the principles of David's Tabernacle, PTOD seeks to create a spiritual climate that will aid in the fulfillment of the Great Commission. .
Services Provided	PTOD is involved with a network of other worship and prayer ministries from all over PA. The entire group generally comes together quarterly, as well as supporting each others events on an ongoing basis as schedules allow. It is one of the few truly active and truly statewide networks that we know of – where the only aim is to come together for prayer, worship, and see God transform our cities, our state, our country, and the nations.
